

POSITIVE GAMING FITNESS MULTIPLAYER

PERFORMANCE FEATURES

Groundbreaking Machine Dance System

The Positive Gaming Fitness Multiplayer System (the PG Multiplayer) is a fun and challenging group exercise dance game of perceptiveness and physical skill, for up to 32 users. It is simple to learn, exciting to play and offers users a wide range of levels to play at, to achieve a perfect wholesome exercise gaming experience.

Exergames – a Trend for the Future

Exergames is an internationally growing trend, combining exercise and entertainment, and is shown at its best through Machine Dance. The PG Multiplayer gives the ultimate exergame group activity experience, as it combines the best Machine Dance software with durable fitness equipment to give users what they want – a workout that doesn't feel like work.

Wireless and Durable Machine Dance Platforms

The Positive Gaming Impact MP Pro series of wireless Machine Dance platforms are designed for intense and lasting use with the PG Multiplayer. Features include: built-in wireless transmitters, rechargeable batteries, spill resistant internals, convenient handles, low profile, and engineered for easy storage and recharging on custom built carts.

Exercise Just Got Fun

Regular physical activity is vital to improving people's health and lifestyle. In today's busy world, the element of fun while exercising greatly increases the motivation for physical exercise. Through the PG Multiplayer, workout becomes fun, easy and fulfilling. Repeated exercise on the PG Multiplayer improves brain/body coordination, flexibility and cardiovascular functionality, reducing the risk of injury in everyday activities.

Workout Programs

Create, edit, or recall a saved workout program for up to 32 players. The PG Multiplayer offers the possibility of class workouts to a wide variety of music. The instructor is easily able to create training programs for specific needs and user levels.

Easy storage

The PG Multiplayer is designed for a space effective environment and makes storage and usage easy.

“The game element in the PG Multiplayer inspires repetition and the desire for improvement beyond traditional work-out.”
